FOREWORD

This year your Students' Council decided to divorce the Telephone Directory from the Handbook, and to revert to the original set-up, in having published a separate Telephone Directory, and a combination Handbook-Constitution.

The purpose of the Telephone Directory is primarily to enable the student to make ready contacts for business and pleasure, and secondly, to serve as an index to the names and addresses of those attending this University.

The addresses and telephone numbers of many students do not appear in this book, due to the fact that many of them have not yet secured permanent residence.

We would like to thank Don McMillan, Clare Liden, Joe Lauerman and Bill Buchanan for their help in the compilation of this volume, and also Miss E. Millar and the staff of the Registrar's Office for their kind co-operation.

Apologies are offered for any errors or omissions. Suggestions for the improvement of future publications will be greatly appreciated.

HARRY A. GILCHRIST.

A WORD TO THE WISE

This book is your Telephone Book and Guide while at Varsity. Carry it with you, and remember that it serves not only as a guide and friend to you in contacting your clubs and fellow students, but as a guide to reputable city firms who have, for years, given Varsity students better service and shown their faith in student enterprise by making these publications possible.

For your convenience these firms are listed below, so that you need go no further than your Telephone Directory for overtown needs.
